# Project Report

## Title: Weekly Project Framework Design

## Purpose:

Of weekly project:
> To have something to look up to each week.
> To learn new skills
> To practice working styles and develop working habits
> To focus and articulate
> To solve problems and be creative
> To collaborate
> To hone my values
> Fest my natural human needs
> Be fluid
> To **explore**

Of having a framework:
> To not spend much time thinking about the logistics and be planned and prepared.
> To have a sense of work ethic and organisation
> To look back at the projects with a sense of accomplishment
> To document and consolidate thoughts and learnings from a project.

## Problem To Be Solved

1. Timeline of projects
2. Type of projects
3. Project selection
4. Skill Selection
5. Consolidation
6. Sincerity

## Description

This project aims to create a systematic framework of a weekly project mechanism which will facilitate allocation, tracking, completion and consolidation of weekly projects

## Project outcomes/ Writeup

What ?
a) Can be related to any field but has to be within a week's period long
b) Some fields include (but the projects may not be limited to ):
    i) Self Improvement Project
    ii) Skill Based Project

      iii)     Goal-Based Project
      iv)     Helping Project
      v)     Random Project
      vi)     Creative Project
      vii)     Problem Based Project

c) Feedback and evaluation by peers, mentors and experts.
d) Regularity ensured by daily contribution of at least 45 minutes and weekend contribution of 4 hours each.
e) Questions along the way: using Problem Solving Abilities and on the fly
f) Description Material and Collaboration Required, this fullfillment should be met in advance
g) Learning should be continuous and fast.
h) 2 hours reserved for deciding on what project to do.
i) Cookbooks?

Project Link: NA
Learnings:
a) Initiatives are important and can change your life.
b) Actively look for ways to live a large life.
Readings
    None

Feedback
a) Late Implementation, Still Good.
Additional life skills applied:
    b) Proactivity
